CATALOG

ABOUT US

Since 1975 Aarco Products has manufactured a consistently growing line of visual communication and display products. Our focus on customer

satisfaction has inspired us to improve and expand our product line to include over 10,000 standard products. Aarco's product lineup is also fully customizable, so feel free to modify your order to meet your specifications. As always, all products include a generous warranty and are packaged carefully, so they arrive without damage.

Aarco has now advanced to our third generation of management, and we are eager to fulfill your requirements. If you are an existing customer, we thank you for your past business and welcome your continued support. If this is your first time purchasing from us, we look forward to establishing a mutually beneficial relationship.

FREQUENTLY ASKED QUESTIONS

Do your products carry a warranty?

Every purchase carries a 1-year limited manufacturer warranty. Our warranty does not cover normal wear and tear. Porcelain surfaces are covered and guaranteed for 50 years against cracking, fading, or ghosting. Please see our website or check the back of the catalog for more warranty information.

What is the lead-time on stock product?

Standard lead-time is 7-10 business days on stock items. Need it quicker? Give us a call! We are happy to work out delivery dates for our customers.

Are your products customizable?

We take pride in our abilities! We will happily modify any of our products to fulfill your requirements. Our product line is inclusive of the most popular sizes and colors, but let us know what you need!

Are your products sustainable?

Yes, many of our products are constructed of natural and recycled material. Our wooden a-frames, plastic lumber cabinets, and WAC Melamine markerboards are some to name!

Are your products made in the USA?

The majority of our product line is assembled in Eastern Long Island, NY.

How can I order your products?

Our vast network of dealers and online retailers across the country are sure to help you find a product to suit your needs! Give us a call to locate a rep. in your area.

UNFRAMED BOARDS

Aarco Products' unframed boards are cost-effective solutions for outfitting homes, small businesses, and cafes. For educational applications, unframed boards can replace worn and damaged surfaces. You can add your own frame to these boards or leave them unframed for a rustic look. You can also give your board a unique look by painting it or using erasable markers on the surface.

UNFRAMED COMPOSITION CHALKBOARDS

Synthetic non-porous surface, coated over a quality fiberboard core. This board is meant for light-duty and infrequent use.

RESURFACING

OverBoard™

Aarco Products' Overboard resurfacing system easily installs new porcelain surfaces over existing chalkboards, saving you time and money. With our custom-built units, you don't need to remove the original chalkboard surface, thus eliminating labor costs associated with removal.

Model #	H'xW'
OVB4872	4'x6'
OVB4896	4'x8'
OVB48120	4'x10'
OVB48144	4'x12'
OVB48192	4'x16'

When ordering provide your exact measurements and use next larger model number. If existing board has a chalktray, measure from the top of the chalktray to the top of the frame. Then measure the exact outside width of the frame. For pricing, exact measurements must be provided. Specify color when ordering.

Example: •Actual size as measured 34 3/4" h x 70 1/2" w

•Choose OVB4872 for pricing

•Order OVB34 3/4" h x 70 1/2" w

Example: OVB34 3/4" h X 70 1/2" w

- Eliminates costly labor to repair old frames and surfaces
- Eliminates costly labor and downtime related to asbestos removal from old structures
- Provides high performance retrofitting of old boards. Guaranteed for 50 years
- Surface is Araco porcelain on steel markerboard or chalkboard with 1/4" tempered hardboard core and .005" foil moisture seal
- Framed on four sides with satin anodized aluminum
- Install in minutes with pre-drilled holes over existing frame
- Writing surfaces are guaranteed for 50 years

PORCELAIN ENAMEL ON STEEL OVERLAY SKINS

- Rolled un laminated writing surface material
- Porcelain writing surface is indestructible when used as directed and guaranteed for life

- High contrast
- Excellent erasing qualities
- Surface permits use of magnetic accessories
- Available with or without self adhesive backing

Monarch

Custom Printed
Markerboards

Whether it be a collaborative tool for your school, a productivity resource for your business a menu board for your restaurant, or an accessory for your new office, bring your wall space to life with Monarch Custom Printed Markerboards! Monarch can fill 48" x 96" of wall space without seams or breaks in the image. Larger applications can be completed but using multiple panels and hairline-seamed joints.

Monarch

Custom Printed
Wall Art

You can also use Monarch to make breathtaking wall art for your lobby, restaurant, office, or public space. Your art can be made up to 48x96 in one piece, or we can connect each section with hairline joints to create a custom wall of artwork! Photos, illustrations, logos, digital art, and more, choose Monarch to stand out against the rest!

How To Order

Option 1: **LET AARCO DESIGN YOUR BOARD**

- Provide Aarco with your idea
- Let our specialized art department create the board of your choice
- We will send you a proof for approval
- Once approved your board will enter production

SUBMIT HERE

Option 2: **DESIGN IT YOURSELF**

- Provide Aarco with your art file (.ai/.eps/.pdf/.jpg)
- Artwork must be sent a minimum of 300 dpi for optimal clarity
- Artwork must include a 1" margin on all sides
- We will send you a proof for approval
- Once approved your board will enter production

Valued Clients

Say goodbye to traditional markerboards and step into the future with Monarchs' innovative printed markerboard templates. Our templates offer a professional and functional solution for all your organization and visualization needs. Monarchs' magnetized porcelain writing surface is resistant to fading, cracking, and wear.

CONFERENCE CABINETS

Aarco Products' Conference Cabinets are suited to blend with traditional and contemporary interiors. Choose from a selection of laminates or hand finished hardwood veneers. The doors open on continuous hinges to reveal a 36"x48" or 48"x48" porcelain inside each door. The left side door features a chart clamp that holds unpunched paper pads up to 19" wide. The center section also features a fully concealed, retractable projection screen.

All units have an overall depth of 5" and hang securely on concealed mounting brackets. Storage for writing supplies and other accessories is available on the inside of the cabinet while shut using magnetic catches.

PROJECTION SCREENS

ELECTRONIC MOTORIZED PROJECTION SCREENS

Aarco Products' Motorized Projection Screens offers an advanced motor system that is smooth, quiet, and fast. These units feature "plug-in" electronic connections for a fast and convenient installation with no hard wiring required. The units feature an in-line control panel that mounts easily to any wall. Impress your audience with AracoVision's optional VHF wireless remote that allows for screen operation up to 50 feet away. This unit is great for classrooms, conference rooms, cinemas, and presentation rooms. The screen includes factory-attached brackets for mounting on ceilings or walls.

Aarco's architectural writing surfaces are the premier solution for classrooms and offices. We guarantee our magnetic porcelain surface for 50 years against cracking, fading, or ghosting. These boards are considered high-performance because of their durability and longevity. All boards feature complementary satin silver trim and full-length marker rails for convenience. So don't settle for anything less than the best!

Research shows that the colors chosen for our writing surfaces can help us understand and retain information more efficiently. There is a reason these are our best-sellers!

HORIZONTAL SLIDING UNITS

FRAMED UNITS

Horizontal Sliding Units maximize the use of valuable wall space. They can be configured with up to four sliding markerboards and one full-width tackboard in the same area as one traditional board. These high-performance units are equipped with up to four sliding premium Vitre Steel porcelain markerboards (*chalkboards also available see below) and one stationary full-width tackboard. The boards travel smoothly on nylon top-mounted roller tracks (see figure 1) and are held in place by the bottom-mounted guide bearings (see figure 2) allowing the user to position the boards as needed. They're constructed with durable heavy gauge aluminum trim with an attractive anodized finish and built to last. The back fixed full-width panel has a 1/4" thick natural cork posting surface.

OPTIONAL FEATURES:

#10-222 Chalk tray / #10-325 Map rail

No Back Panel

FRAMELESS TEACHING WALLS

These units provide all the same features as our horizontal sliding units but supplied without its perimeter frame, making them ideal for installation into a recessed wall, in a pre existing wall, custom cabinet, or casework. Durable rubber stops are provided to prevent sliding panels from coming into contact with the existing surface.

Series 10 -170C Two track units 4" Deep
Series 10 -171C Three track units 6" Deep
Series 10 -172C Four track units 6" Deep

VERTICAL SLIDING UNITS

FLOOR MOUNTED UNITS WITH FULL VERTICAL MOVEMENT

Nesting panel design

Sliding panels disappear behind the decorative kick panel providing multi-media capability

- Fixed exposed rear panel
- Panels slide down behind the kick panel
- Panels raise and lower with little effort
- Prepare multiple lessons ahead of time

Optional model without a back panel allowing you to install it in front of a closet or shelving, providing access to storage available

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
(For more info www.P65Warnings.ca.gov)

Vertical Sliding Units are designed to maximize valuable wall space. Our Vertical Sliding Units come equipped with two premium Vitre Steel porcelain markerboards with ultra light honeycomb backing that are counterbalanced and can be raised or lowered smoothly with fingertip ease. A third rear stationary markerboard can be exposed by sliding the two boards behind the fixed kick panel. Kick panels come standard with our attractive, durable, and washable Burlap Weave Vinyl.

FREQUENTLY ASKED QUESTIONS

HOW ARE THEY INSTALLED?

Installation is fast and secure! Simply install supply brackets to your surface, hang the cabinet, and install security screws. For detailed instructions please visit our website www.aarcoproducts.com and navigate to the resources page.

ARE CUSTOM COLOR OPTIONS AVAILABLE?

Yes! Aarco can powder coat the aluminum to any standard RAL or color match if required. Custom felt and vinyl letterboard colors are also readily available upon request. Please contact us for more information.

ARE THE LETTERS INCLUDED?

Letters are not included with the display cabinet. It is recommended to check with a distributor to see if they are running any promotions.

HOW MANY FONTS ARE AVAILABLE IN THE LETTERS?

Aarco carries single-tab letters in two font styles; Helvetica and Gothic. Both are available in many different sizes ranging from 1/2"-2" in height.

WILL IT REQUIRE MAINTENANCE?

Minimal maintenance is required after installation. Simply wipe down your cabinet with any ammonia-free household cleaner as needed.

ENCLOSED DIRECTORY CABINETS WITH HEADERS

Choose from multiple units, manufactured of custom extruded parts engineered to provide a durable and handsome cabinet.

Standard features include: lockable doors, acrylic safety glass windows, continuous hinges and concealed mounting brackets.

Add your personalized inscription to our perfectly manufactured cabinets. Standard headers are white opaque acrylic with black vinyl letters. The standard typeface is Clear Gothic. Call for more options.

ENCLOSED ALUMINUM BULLETIN BOARDS WITH WOOD-LOOK FINISH

Aarco Products Wood-Look finish is a unique powder-coated process that combines the warm and rich appearance of natural hardwood with the rugged and enduring qualities of extruded aluminum. Available in oak, cherry, or walnut wood grain finish. Indoor models feature natural pebble grain cork or felt letterboard, and outdoor models have a vinyl tackable surface.

ALS-18

The BM and DBM cabinets utilize a large removable ¼" grooved vinyl letter panel. The ¼" grooves allow for universal single tab letters to be easily changed. Standard features include acrylic safety glass, lockable doors, full-length door hinges, weatherproofing, solid satin anodized aluminum frame, and an illuminated header inscribed with your organization's name.

Also included:

- Single sided unit comes with 300 pieces 1 ½" and 300 pieces 2" Helvetica characters
- Double sided unit comes with 600 pieces 1 ½" and 600 pieces 2" Helvetica characters
- Vented for heat and moisture reduction

Standard features:

- Satin or bronze anodized

Optional upgrade features:

- Powder coated color frame. See page 94 for colors

PRO TIP!

Utilizing night-time solar powered exterior lights will keep your messages viewable at all hours.

Double Sided Unit

MARQUEE CHANGEABLE SIGN SYSTEM

"MARQ ONE" SINGLE SIDED

The Marq One is a single-sided outdoor changeable sign. This is the perfect solution to display periodic messages to the public and community. The design of our cabinet allows it to be easily hung on a wall or mounted to our optional lawn posts.

Aarco's Marq One utilizes an acrylic header and optional symbol case within the door (Model #MBS). Backlit illumination strengthens your messages at all hours and keeps viewers informed. Standard features include a removable 5-line acrylic changeable letterboard, satin anodized aluminum tubing, finished header, weatherproofing, locking doors, and one set of 500 polycarbonate letters.

Standard features:

- Satin or bronze anodized

Optional upgrade features:

- Powder coated color enhanced frames. See page 94.

"MARQ TWO" DOUBLE SIDED

The Marq Two is a double-sided outdoor changeable sign. Two removable acrylic letter panels keep your announcements viewable for an extended period. As found in the Marq One, the Marq Two is backlit illuminated, and all lights/wiring is easily accessible for maintenance.

Built into Marq Two you will find standard features like top-hinged lockable doors, two removable letter panels, durable weatherproofing, 1,000 polycarbonate changeable letters, a finished header, and six light bulb illumination.

Standard features:

- Satin or bronze anodized

Optional upgrade features:

- Powder coated color enhanced frames. See page 94

OUR OAK IS NO JOKE!

- Our sustainably sourced North American Red Oak is held to the highest industry-standard of quality.
- Milled to perfection by our international partners.
- Each profile shape is proprietary to Aarco!

For each tree cut down, our partners plant 10 saplings to keep our forests alive.

LED ILLUMINATED SIGNAGE

LED ILLUMINATED SIGNAGE

Aarco Products High Visibility LED Signs are the perfect way to attract attention, promote sales and stand out. Available in a variety of styles and sizes, all models offer three display modes "steady-on" "flashing" and "crawling" Super bright LEDs last for a long time so you can use your sign day after day without replacing them. Our signs are the perfect fit for a storefront window, wall within your establishment or hung in your home to add some décor.

SPACE DIVIDERS

MADE IN THE USA

FREE STANDING PROTECTION SHIELDS

Our Freestanding Spread Protection Shields are easy to assemble (without tools) and made of thick 5mm acrylic and 6mm polycarbonate—durable enough for high-quality performance. All corners are rounded to reduce or eliminate injuries due to sharp points. This product is an affordable solution to help keep germs at bay without sacrificing design or aesthetics.

FORM-A-LINE™ TRANSPORT CART

Stanchions and ropes not included

Our Form-A-Line™ Transport is a convenient solution for easily storing up to 16 fully assembled Form-A-Line™ posts.

Features:

- Sturdy welded steel construction
- Durable powder coated finish
- Smooth riding rubber casters including two locking wheels.
- Ships KD and assembles easily
- Convenient storage area for stanchion ropes
- Dimensions 47 ½" x 33 ½" x 67 ½" (fully assembled)
- Fits through 36" clear opening
- Weight: 84lb

Model# FAT-16

Built with a sturdy steel frame and polyurethane wheel, this caster will glide easily across most surfaces. The fixed caster pair on one end, paired with a swivel caster pair on the other means you will navigate those tight turns with ease.

The steel rods are used to keep the ropes off the floor and out of dirt, debris, and other germs. These steel rods maximize otherwise empty space to store your ropes when not in use.

Your stanchions are a major investment, so make sure you protect your investment with proper storage. Each hook is finished with a matte black powder coat for a smooth surface and no sharp edges to damage your stanchions.

FORM-A-LINE™ POST SIGNAGE

Form-A-Line™ Sign Frames are easy to use. The top loading frame allows for simple and frequent sign or image changes. Sign frames hold printed media up to 3/8" thick and double-sided capability. Available in two standard sizes and four attractive finishes that pair perfectly with our Form-A-Line™ posts.

FORM-A-LINE™ RECTANGULAR BELT POST SIGNAGE

*Insert not included

*Insert not included

FORM-A-LINE™ FRAMELESS OVAL BELT POST SIGNAGE

Our Oval Sign Kit is a sleek addition to your Form-A-Line queuing system. This oval sign can be either read "Enter Here" (FOS-1) or "Exit" (FOS-2), depending on how you want people to move about in your establishment. The 1/4" matte finish acrylic is lightweight yet incredibly durable, and the steel holder easily mounts atop the belt housing for your Form-A-Line™ system!

- Contemporary design
- Fits Form-A-Line™ retractable belt posts
- Easy to read
- Size 10"W x 7 1/2"H
